

Penobscot Fly Fishers NEWSLETTER

Wind Knots

November 2006

Don Corey
President

It's time to winterize the boats, do our fall maintenance on fishing equipment and dust off our rifles for the annual fall hunting season. As you venture into the woods please be careful and remember that every gun is a loaded gun. The gale force winds have stripped most of the leaves from the hardwoods and snow is right around the corner. Ron Landry and crew are in the middle of a fly tying class through Bangor Adult Ed and the annual beginners fly tying course with Bangor Parks and Rec is in the planning stages.

We are in need of folks to assist with the Bangor Parks and Rec course. Remember you only need to know a LITTLE more than the students. The number of volunteers will dictate how many students we can accept. If you are interested in helping please contact Don Corey don@annika.us or 843-5634.

If you are interested in taking the course or if you know someone that is, the cost will again be \$30. The club provides all the equipment and materials for this course. Interested folks should contact Don Corey to register and for more details. The course is first come first serve (with fee paid).

One of the things that we will be discussing at the November meeting will be finding someone to take over responsibilities of the monthly newsletter. A person or small group of people can make this a pretty easy task. It involves setting up a timeline of when it will be published, pulling a few articles together, laying it out, photocopying and mailing. Another item to be discussed will be the formation of a speaker committee (2 or 3 people). They will be responsible for contacting and scheduling speakers at upcoming meetings. Please consider putting your time and special talents to work. It would be greatly appreciated.
