

# Penobscot Fly Fishers NEWSLETTER

## Wind Knots November 2005 by Ed Bruno, President

Wednesday, November 2, 2005, 6:00 P.M., at the Coach House Restaurant, that's the date, time and location of our next general body meeting, please come and join us. Ron Landry promises an interesting program, plus we've Club business to attend to. The nominating committee has presented the Board of Directors with the following slate:

President - Don Corey  
1st Vice President - Alan Gray  
2nd Vice President - Joe Beaulieu  
Secretary - John Lent, Jr.  
Treasurer - Marcus Hale  
3 year Director - Ed Bruno  
3 year Director - Dan Hodgins  
1 year Director - Ron Landry.

At the November meeting, Club members are invited to make additional nominations from the floor, and per our bi-laws, election of officers and directors will be held at the December meeting.

At the November meeting I am planning on bringing in a variety of waders that have previously been donated to the Club. I am looking to reduce the volume of some of the donated items being stored at my house. It was suggested that for fund raising, Club members, when sitting at the vise and tying flies, could tie a few extra, and bring them to meetings for eventual sale. Tie one on for the Club! Bob and Nancy Blatz will also be taking orders for clothing with the Club Logo.

Plans are moving ahead for "Cabin Fever Reliever" January 28th and 29th of 2006, at the Old Town Y. Many exhibitors from last year's successful seminar have accepted our invitation to return, and many

new and exciting additional exhibitors will be attending. The website for the program is [www.cabinfeverreliever.com](http://www.cabinfeverreliever.com).

The December Club meeting is always our holiday party, and the entertainment for the Wednesday, December 7, 2005 meeting is us - sharing one another's company. In the past we always did a gift swap, but a new tradition began in 2004. We will again donate to charity toys for less fortunate children. Please bring an unwrapped toy to the December meeting, and if you would, non-perishable food, which we will donate to one of the area food banks. 'Tis the season for giving.....

As a special treat, our February 1, 2006 meeting will have Dave Klausmeyer as our speaker. Dave, as you know, is editor of *Fly Tyer* Magazine, and has been a tyer at our past fly tying symposiums, and at last year's Cabin Fever Reliever. Dave and his wife have been fortunate to also travel to some pretty wonderful places to fly fish. Our February program will be about Dave's trip fly fishing in Argentina.

Please mark your calendars Wednesday, November 2, 2005, and join us for the upcoming meeting.

Tight Lines,  
Ed
